

# Submitting Lab Assignment

Once you have confirmed the appearance and operation of your web page, you must submit your webpage to the assignment folder electronically.

Perform the following steps in the terminal window (using geany)

1. Locate your web page files in the appropriate folder

Type: `cd cs245/fa17/assignments/assign1`

Note: These are the folders I recommended you create. If you used other names for these folders, please use those.

2. Get a listing of the files in this folder

Type: `ls`

Note: Confirm that all files for your web page are displayed in the list

3. Submit these files electronically

Type: `cp * ~cs245/assign/fa17/assign1/loginName`
